

Alfa Laval Base 3

Gasketed plate heat exchanger for hygienic applications

Introduction

Alfa Laval BaseLine is a range of gasketed plate-and-frame heat exchangers used in dairy, food, beverage and other hygienic applications requiring thermally efficient performance. A large range of plate and gasket types is available.

In addition to normal single plate configuration, this model is also available with Gemini double wall plates. Gemini plates are fully cleanable and accessible and are used as an extra precaution to avoid intermixing of fluids.

Applications

- Biotech and Pharmaceutical
- Food and Beverages
- Home and Personal care

Benefits

- High energy efficiency – low operating cost
- Flexible configuration – heat transfer area can be modified
- Easy to install – compact design
- High serviceability – easy to open for inspection and cleaning and easy to clean by CIP
- Access to Alfa Laval's global service network

Features

Every detail is carefully designed to ensure thermal efficiency, optimal performance and easy cleaning. Selection of available features, depending on configuration some features may not be applicable:

- Clip-on gasket
- Leak chamber
- Fixed bolt head
- Key hole bolt opening

Alfa Laval 360° Service Portfolio

Our extensive service offering ensure top performance from your Alfa Laval equipment throughout its life cycle. The Alfa Laval 360 Service Portfolio include installation services, cleaning and repair as well as spare parts, technical documentation and trouble shooting. We also offer replacement, retrofit, monitoring and much more.

For information about our complete service offering and how to contact us - please visit www.alfalaval.com/service.

General remarks for technical information

- The global offering presented in this leaflet may not be available for all regions
- All combinations may not be configurable

Dimensional drawing

Measurements mm (inches)

Extended pressure and temperature rating may be available on request.

Connections

DIN, SMS, Tri-CLAMP, BS/RJT and IDF/ISO male parts.

Technical data

Plates	Type	Free channel, mm (inches)
M3	Single plate	2.4 (0.095)
M3-G	Gemini (hygienic), Double wall	2.4 (0.095)

Materials

Heat transfer plates	316/316L Ti
Field gaskets	EPDM, FKM
Connections	Acid proof stainless steel
Frame and pressure plate	Solid stainless steel, clad stainless steel or surface coated

Other materials may be available on request

The plate heat exchanger is manufactured according to 3A certification.

The gaskets are produced in compliance with the regulations of FDA.

Operational data

Frame, PV-code	Max. design pressure (barg/psig)	Max. design temperature (°C/°F)
RM, pvcALS	10.0/145	160/320
RM, PED	10.0/145	160/320
